PIEZOMETER WITH DIGITAL WATER LEVEL RECORDER

VIFLOW-DWLR

ABOUT THE PRODUCT

A Piezometer with DWLR (Digital Water Level Recorder) is an advanced groundwater monitoring system used to measure water levels and pressure in borewells or observation wells. It provides accurate, real-time data through sensors and data loggers. Widely used in environmental and industrial applications, it ensures reliable monitoring, remote data access, and supports compliance with groundwater regulations and sustainable water management practices.

PRODUCT DESCRIPTION

A Piezometer with DWLR that delivers precise groundwater level measurement and automated data logging, ensuring accurate, real-time monitoring for effective water resource management. A Piezometer with DWLR, as per CGWA guidelines, monitors groundwater levels in real-time ensuring accurate data logging and seamless transmission for regulatory compliance and sustainable groundwater resource management. A Piezometer with DWLR (Digital Water Level Recorder) offers precise, real-time groundwater monitoring for industrial and environmental applications.

APPLICATION'S

Cement Industries

waste water treatment plant

Chemical and petrochemical industries

Pharmaceutical Industry

HVAC and energy management systems

Food & Beverage Industry

5000+ Installation of Flow-meters, Data-loggers, RTU, Analyzers & Many More.

TECHNICAL SPECIFICATION

Model
VIFLOW-DWLR

Accuracy	±1% of F.S.
Cable Length	50 to 400 m Customizable
Measuring Range	0 – [400] m (Customizable as per requirement)
Sensor Body	SS304
Sensor Type	Piezoelectric
Data Logger	Integrated Digital Water Level Recorder (DWLR) with Real-Time Clock
Memory Capacity	Up to 32 GB (Expandable)
Display	LCD for Real-Time Data Visualization
Material	Stainless Steel (SS316)

FEATURES

Control Display Unit

Stainless Steel Probe

Multi-Pin Connector

Sealed Cable Connection

Industrial Grade Cable

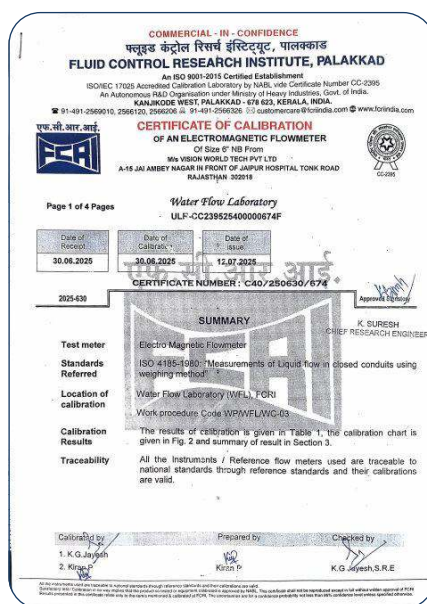

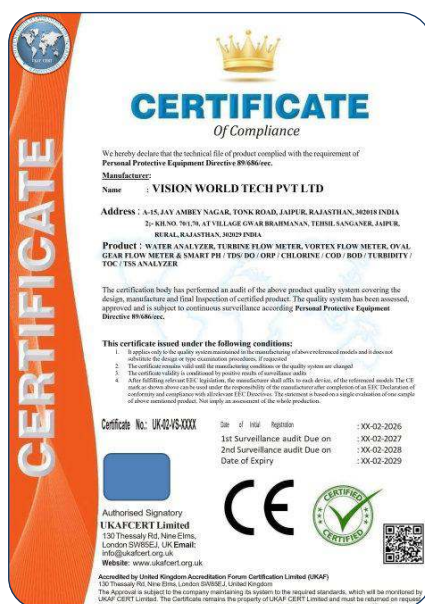

Sensor Probe Tip

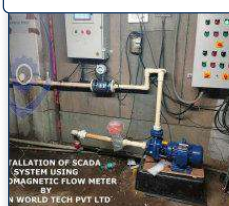

Multi-Pin Connector

- Centralized Monitoring System
- Continuous Effluent Monitoring

- **SCADA** System with Flow Meter
- Continuous Effluent Monitoring

- **SCADA** + Flow Meter Integration
- Industrial Wastewater Monitoring

- **SCADA** + Flow Meter Integration
- Industrial Wastewater Monitoring

- Flow Measurement & Compliance System
- Smart Data Logging Solution

Vision World Tech Pvt. Ltd.
Vision For Futuristic Technology

Proudly Serving Industries
Across India

Head Office :

 A-15, Jai Ambey Nagar, Tonk Road, Jaipur
- 302018 (Raj.)

Manufacturing Unit :

 Khasra No 70/1, 71, At Village Gwar
Brahman, Sanganer, Jaipur
